Berth Restaurant is perfectly positioned with panoramic views of the river and docks. Not only does it have a prestigious location but the restaurant itself is finely designed. In particular, the striking chocolaty tones of the Winter Oak flooring from Designflooring's Art Select, Oak Royale collection is exquisite, adding character and depth to the interior.

This collection bears all the markings of talented craftsmanship, with each plank featuring a unique grain pattern and distinctive textured finish. John Scardi, Owner of Berth Restaurant commented **"I chose Designflooring because after 12 months research there was nothing that stacked up from a quality and visual viewpoint. The planks are fantastic from a cleaning perspective, the non slip rating is great and if we managed to damage them it would be a quick and inexpensive fix. Overall I'm very pleased with the flooring and installation."** As suggested by John, the stylish designs in Designflooring are only the beginning.

The floors are also extremely durable, easy to clean and come with a 10-year wear guarantee!
